My Word!

THE UPCOMING Council election has prompted much discussion around the village. We're going to be like God in 1968 and love them all so it's fun to listen (for a change?). Among names mentioned are Wolf, Meniketti, Berling and Rubin. Eldon Wolf says he's not interested, but his name comes up frequently. It seems definite that Councilmen H. F. Call and George Hein will seek to retain their seats. Some say Mayor Richard Clark will; others say he won't. As we said, we're just listening. Before long, we'll all know.

ALBANY'S longtime and beloved City Clerk Myrtle McLean is planning to retire in May, we hear. Councilmen are setting up qualifications for the post, which will be by appointment in the future.

THIS ONE IS PUZZLING. A Richmond couple visiting in Pennsylvania read in a magazine that Albany is national headquarters for Jim Bean Bottle Collectors (didn't even know they were organized). The head of the organization is supposed to be an Albany man called "Vest Pocket Al." OK, Al, where are you?

A CHIPPER Bob Dennis called from Oakland Kaiser Monday to tell us he would get up for the first time that day and would be hospitalized the rest of this month. He said he'd received 30 cards last Thursday, which he attributed to the mention in the Times.

DAISY, that personality-plus beagle who has been part of the family of Police Chief Ralph and Shirley Jensen for 16 years, became lost in Northern California a week and a half ago. Her folks went up this past weekend, offering a \$25 reward for her return.

ALBANY LIBRARY is planning to honor local authors. They, and we, know of a few. If there are others, drop by the library and make yourself known. ("Letters to the Editor" don't count!)

POLICEWOMAN Sigrid Oakley, who holds PW Badge No. 1 with the Albany department, has been made a life member of California State Women's Peace Officers' association. Congratulations, Sigrid!

AFS Students At Rotary

Program Chairman William Woolworth yesterday introduced to Albany Rotarians Daniela Verduira from Montova, Italy, and Sally Klemm of Albany High school, both AFS students.

Daniela is attending Albany High school this year as a foreign exchange student. Sally spent last summer in Turkey.

American Field Service scholarship program was started by Albany Rotary club in 1956. Since that time, approximately 25 high school students have had the opportunity to participate. Foreign students from all over the world have come to Albany, attended high school here, lived with Albany families and gained a better understanding of the American way of life. Conversely, Albany high students have had a similar experience living in foreign countries, attending their schools and living with a foreign family.

Albany Tops County With 11% Visiting X-Ray Unit

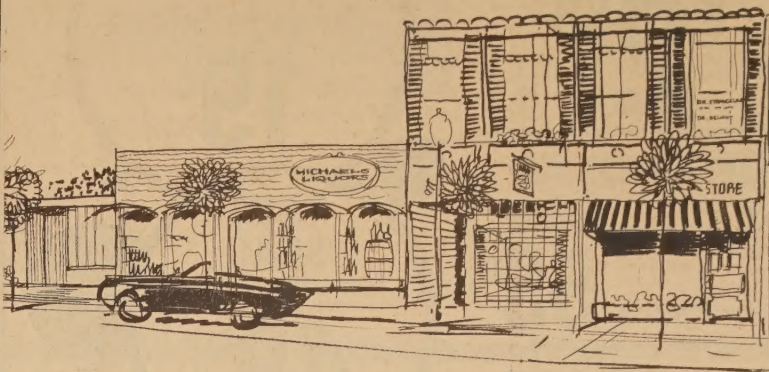

The Chestmobile, the testing van operated by the TB and Health Association of Alameda County, celebrated its first anniversary of providing Alameda County residents with free skin and breathing tests and chest X-rays by recognizing two communities, Albany and Newark, who have had the highest percentage of its populations tested. First place went to Albany with a whopping 11 per cent of its population being tested. Mayor Richard O. Clark received a token recognition at City Hall from Mrs. Harold W. Olson, Albany Christmas Seal chairman. Newark came in second with 6.7 of its citizens going through the van. Here, Mayor George Kincaid received the recognition from Mrs. Maurice Hayes, Newark chairman. The two percentage figures compare with such other community percentages as Oakland 1.6, Fremont 2.4, and Berkeley 1.2.

In its initial year of operation, the truck has given 16,739 chest X-rays, 4,086 skin tests and 7,217 breathing tests. This makes a total of 28,042 tests, costing the Christmas Seal Association, sponsors of the truck, roughly \$2 per test.

The large, shiny 40-foot van has been towed completely around the county, usually stopping about two weeks in each community. It has been open for business 2,112 hours, has used 4,224 hours of staff time and 2,112 hours of volunteer time. Approximately \$1,530 worth of power has been used to operate the van and its medical equipment, valued at around \$45,000.

The van, now stationed at Pleasanton, in the Amador Shopping Center on Santa Rita Road, will move to the Skills Center in Oakland on Feb. 5. The schedule of confirmed stops for the rest of 1968 includes Nov. 25-Dec. 6, Albany.

This Could Be Solano Avenue

THIS SKETCH is one of the concepts for potential development of Solano Avenue prepared by Planner Herman Ruth several years ago. Although it is not necessarily under consideration by the Solano Avenue Beautification committee, it gives an idea of what could be done. It shows the block in which Michael's Liquors is located.

Solano Avenue Beautification Committee Meets Again Feb. 8

Although 230 notices of the meeting were sent out to merchants and property owners along Solano Avenue, about 25 persons attended the meeting concerning Solano Avenue beautification and improvement last Thursday night at City Hall called by Chamber of Commerce President William Johnson and Mayor Richard Clark.

Also attending were Pacific Telephone and PG&E officials, Larry Wylie of the Leo Daly firm which has been retained for the Solano project, Mayor Clark and Councilmen Hein and H. F. Call, and Chamber of Commerce representatives.

Discussed were underground lighting, parking, traffic and beautification elements such as trees, benches and are work. In an attempt to enhance the business climate on Solano, unique

decorative touches were included in discussions. Following a two and a half hour meeting, Feb. 8 was set as the date for the next session, when Wylie will have alternative concepts for development.

Marchers Needed For Dimes Here

Mrs. Larry Baum, Albany community chairman for the Mothers March for the March of Dimes, which will be conducted Monday and Tuesday, Jan. 29-30, has appealed for volunteers to assist.

"We welcome fathers, teenagers—anyone who can spare an hour," she said. "Men and boys wear a special 'Tonight I Am a Mother' badge."

Mrs. Baum said a record 35 marchers have been recruited in University Village, adding the particular need is for other areas of Albany.

She warned residents not to contribute to anyone who does not carry official identification. Each year, she said, children have gone to homes saying they were collecting for the March of Dimes when in reality they were collecting for themselves.

Anyone who can help with the march has been asked to call Mrs. Baum at 526-1084.

Albany Is Tops!

ALBANY Mayor Richard O. Clark accepts a token recognition from Mrs. Harold Olson, Albany Christmas Seals Chairman, for Albany's top participation in the testing program of the Chestmobile, operated by the TB and Health Association of Alameda County. Albany had 11 per cent of its population tested during the van's first anniversary of operation throughout the county, giving skin and breathing test and chest X-rays.

Albany Bay Committee Will Help City Council Obtain Waterfront Grant

Ray Redel of Albany Bay Committee offered to write a letter to Sacramento in support of Albany City Council's efforts to obtain a grant of state or federal funds for waterfront planning following a sometimes-stormy "good of the city" discussion Monday night.

Redel submitted to Council copies of a report by Albany Bay committee, offering help of 1 committee with waterfront planning.

Mayor Richard Clark described progress to date, including fruitful talks between the City of Albany and Bay Conservation and Development Commission, a that agency's cooperation in planning for the Bay. He said Albany will get a planner and outline areas of its waterfront to be filled.

Clark also told of meeting the Inter-Agency Council, a screening committee to select planner for Albany's waterfront and of three or four meetings with the BCDC staff. He invited Redel to attend a meeting following the Council session regarding screening for hiring architect for the waterfront planning.

When Redel asked for more information about the Inter-Agency council, Clark said minutes of the meetings have been read at Council and available. ABC, noted the agency is not ready to compose a composite report on waterfront plans for cities to see how they relate.

"I'm sorry Albany Bay committee has not interested itself (Continued on Page 3)

New Honors For City Firemen

This has been a banner week for Albany Fire Department.

In addition to winning national honors (see separate story), they will receive a resolution of commendation for their actions in saving the Westbrooke family from Albany City Council, and the Berkeley-East Bay Humane Society will honor two of the firemen.

Councilman Lewis Howell proposed the Council resolution Monday night.

Paul R. Hurch, coordinator of activities for the State Humane Officer, will present certificates of merit for "action beyond the call of duty" to Firemen Richard Courtney and Mike Koepke for their humane actions in reviving the Westbrooke's pet dog, Snoopy.

Building Permits Down in 1967

Albany building permits nose-dived from a high of \$3,391,681 in 1966 to \$1,241,069.50 in 1967, according to City Engineer James B. Turner, who also heads the Department of Public Works.

Permits for the month of December, 1967, were \$155,300, compared to \$807,263 for the last month of 1966.

Included in the December, 1967, permits were a new fire and service store for the Goodyear Tire company at 435 San Pablo Ave. by Harry K. Jensen at permit cost of \$117,000, and a single family residence at 1132 Curtis St. by Norman Jacobson at permit cost of \$18,000.

Three commercial alterations are under way at a cost of \$6,575, and 14 residential alterations for a total of \$965.

Fees collected in December totaled \$670.35.

Lawrence Rad Lab Speaker Friday At High 12 Club

The new program chairman of Albany High Twelve club, Ernest Damsell, has dated for the Friday noon, Jan. 26, meeting of the club in the Banquet Room of Kirby's in El Cerrito Plaza, Dr. R. T. Wakerling from Lawrence Radiation Laboratory, University of California.

He will talk on the wonders of the atom smashers and other research projects carried on at the radiation laboratory.

According to Damsell, this will be an outstanding program and will in part be illustrated with slides and motion pictures. President Herbert Rounds, recently installed, extends to all Master Masons an invitation to have lunch with the club, Master Masons from jurisdictions from all over the world.

Kevin O'Gorman Wins Second

Albany High School Public Speaking Teacher Richard Hillman reports that his student, Kevin O'Gorman, winner of the Albany American Legion post 292 public speaking contest on the Constitution, came in second at the contest in Oakland last Thursday night, losing by half a point.

The contest pitted winners from San Leandro, Alameda, Piedmont and Albany. The San Leandro boy who won said it was the toughest competition he'd ever had. Kevin won a large trophy.

THIS WEEK IS JAYCEE WEEK IN ALBANY

Mayor Richard O. Clark proclaimed Jan. 21-27 as Jaycee Week in Albany and asked local organizations to cooperate in the observance.

He said the purpose of the week is to focus attention on young men and the work they are doing, and emphasizes that the Albany Jaycees have done an outstanding job in the fields of community development and leadership training.

During Jaycee Week observance here, the U.S. Jaycees will be recognizing America's 10 Outstanding Young Men of 1967 in St. Paul, Minn.

The week celebrates the founding of the Jaycees in 1915, when Henry Giessenber saw a need for a young men's civic group and organized the first chapter, according to local Jaycee president Jess Day. The movement spread so fast that in 1920, the U.S. Junior Chamber of Commerce was formed with 24 cities represented. The Albany Jaycees were formed in 1946. The name of the national organization was changed from U.S. Junior Cham-

ber of Commerce to the U.S. Jaycees in 1963 at the national convention of the young men's civic group.

The Albany Jaycees are noted for such worthwhile projects as the recent Home Decoration contest and the Maid of Albany contest.

Built on the solid foundation of creating opportunities for leadership training through community betterment projects, the Jaycees today, over 260,000 strong, are active in 6,000 communities in the United States. U.S. Jaycees headquarters is located in Tulsa, Oklahoma.

Clark said. Redel said it seemed Council was what ABC had proposed. Councilman Joe Carlevaro said the city seemed to be disturbed because so much money had been avoided. After pointing out descriptions of the Berkeley fill in the report, he said Albany was something different, a city for everyone to enjoy. You can be of tremendous help here. "I don't know why we don't get together," Redel said he pays no attention to Albany because he has been here 14 years. He invited councilmen to attend an ABC membership meeting Feb. 29 and ask to members. Clark snapped that Albany has a qualification committee with a subcommittee dealing with the waterfront which has been meeting monthly for a year. "I've seen to see one of your people," the mayor said. "I've been to many of your meetings. You've decided it is the waterfront because you live on the hill and face it. I also see the hill and I take strong action when you say you've served your services. You've served service to yourselves!" Redel took exception to the mayor's remarks, outlining ABC's past and previous offers of aid. Clark said, "... If we don't take your suggestions, it means Albany isn't cooperating." Carlevaro added the City of Albany has taken a lot of abuse from the city and in Sacramento, mainly because of the Bay Bridge. He said, "That's the unbridgeable gap. I think we've got to get together and work together."

If we had received our planning grant, we'd be well on our way now. I suggest we apply for the grant. We're tied to it. We can't get it without your cooperation. ... Councilman H. F. Call at that time asked Redel if he favors

employing a planner. Redel said yes. Then Call asked if Redel would write a letter to Sacramento to state the Albany Bay Committee has no objections to a grant. Redel said he would.

City Clerk City Councilmen accepted the recommendation of Administrative Officer James B. Turner that \$600 be allocated to Griffenhagen-Kroeger, Inc., to advertise for and screen applicants and make final selection for the position of Albany City clerk. Myrtle J. McLean, retires in May.

Also given serious discussion is the expenditure of an additional \$2,500 for an analysis of the city's accounting system and recommendations for a new system. No action was taken on this matter.

Mrs. McLean has been both city clerk and auditor. Councilmen indicated the person to be hired shortly will only be city clerk and will possibly come "from outside." There is a possibility the city will hire an outside auditing firm until the accounting system is changed.

Councilman Lewis Howell said perhaps the firm which will take over the search for a new city clerk could submit a list of three persons and council could select one of the three.

"I think this is good," he said. "It takes the job out of politics." In other action Monday night, Council:

APPROVED: An Albany Jaycee request for permission to paint house numbers on curbs in

the city for \$1 each, to be paid by homeowners; Turner's recommendation that bids be accepted for street department equipment Feb. 5.

REFERRED: to City Attorney Larry Saler proposed charter changes regarding disciplinary actions against employees and pension board meetings; to a joint session with the city attorney, council and pension board, a court action filed by Kenneth Symington, former fireman.

FILED: a letter from the City of Commerce urging opposition to League of California Cities proposal concerning distribution of cigarette taxes, and a letter from Police Chief Ralph Jensen recommending no change in the present contract for towing abandoned automobiles.

PASSED: ordinance 68-01 (see legal today) and a resolution to erect stop signs on Johnson and Washington at Cleveland; motions to transfer to Albany City schools \$34,063.88 collected to date through the 35 cent tax the city collects for the schools, and to make final payment to Bruto Engineering for four city projects.

The meeting adjourned at 9:55 p.m.

B-Young Fashions

BARBARA YOUNG, who recently opened B-Young Fashions in Albany Square, is her own best model. Here she wears an original creation as well as displaying some from the rack in her attractive shop at 600 San Pablo Ave.

B-Young Fashions Opens Here In Albany Square

An attractive young wife and mother with 10 years of experience in dress designing has opened her own business, B-Young Fashions in Albany Square, 600 San Pablo Ave.

Barbara Young has lived at 831 Solano in Albany for two years with her husband, Roosevelt, deputy Alameda County coronor. They are the parents of Steven, 19 months.

Barbara attended designing school in Los Angeles before working for San Francisco manufacturers for 10 years.

In October, she decided to open her own shop in Albany, which she did on Dec. 19. Hours are noon to six daily and 9 a.m. to 5 p.m. Saturdays.

Among her first orders were 40 garments of her own design for the Emporium in San Francisco and another for the Golden Door, a specialty shop in Carmel.

Barbara has a stunning collection of ready-to-wear of her own design at her shop, but she is interested in custom work—any size, any shape, any fabric or color.

She will model her own creation in the forthcoming "Blaze of Fashion" show for the March of Dimes at Berkeley Community Theater Sunday afternoon, Feb. 25.

FIREMEN'S AUXILIARY
Albany Ladies auxiliary of the California State Firemen's Assn. will hold their regular meeting in the home of Mrs. Gerald Browne at 8 p.m. tonight. Mrs. Ken Cochran will preside over the business session. The election of new officers will be on the agenda at this meeting.

Col. Sam Dows Installed Tonight by GOP Assembly

Col. Sam Dows

Col. Sam Dows has been nominated and is expected to be installed as president at 8 p.m. tonight when the Albany Republican Assembly meets at Cornell school cafeteria to elect and install new officers.

Others selected by the nominating committee are Ivadell Rolles, first vice president; Muriel Blank, second vice president; John Converse, third vice president; Dorothy Davis, recording secretary; Helen McKenna, cor-

responding secretary and treasurer.

Nominations will be entertained from the floor.

Following election, new officers will be installed by Charles H. Lavis of Berkeley, who initiated the development of Albany Republican assembly. He will follow installation with a rousing talk on what CRA stands for, accomplishments and why it is the only Republican volunteer organization a Republican can join.

Lavis has served as district director, vice president and twice as state secretary of California Republican Assembly. He also has been a member of the speakers' bureau of the Republican State Central committee.

Mrs. Eldon Parr, president, has urged all Republicans who work in the campaigns, those who have let their dues lapse and think they are still members of the Assembly but are not, and those she has contacted over the past few years, to attend this meeting.

"This is your opportunity as never before to find out all about CRA and to join Albany Republican Assembly in this important year of 1968," Mrs. Parr said.

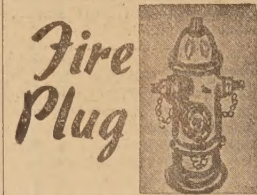

Local Post Hosts Past Commanders

Because of the hospitality and welcome extended to Out Post 10, Past Commanders of California of the American Legion, the group will hold its Winter Conference with past commanders of Albany post 292 hosting the conference at 10 a.m. Sunday, Jan. 28.

President Philip G. Lein of the Out Post has dated the past commanders of District 10 to gather in the Albany Veterans' Memorial building for a breakfast prior to taking up his agenda for the conference.

Chairman of the Albany post Past Commanders is LeRoy W. Holland. His chef will be Past Commander Frank McLaughlin. Albany post has designated the post's color guard as the hospitality committee.

President Lein extends an invitation to all past commanders of American Legion; post, district, area, state department or national department residing in Alameda County to attend.

It is not only the duty of the modern fire department to be proficient in fire suppression and prevention but one of its other jobs is to advise people regarding fire safe materials and equipment.

If you are not sure of the proper extinguisher for your need, call the fire department. They will help you with your problem. Do not be taken in by the so called "authority" with whom you may come into contact.

The Fire Department is always ready to assist its citizens in the protection of life and property and, after all, they are authorities in the field of fire protection.

Where's The Fire?

Albany Fire Department calls: Jan. 15, public assist, 963 Neilson.

Jan. 16, inhalator, Albany hospital, Paul Ghiriso of Berkeley, taken to Herrick hospital.

Jan. 17, inhalator, 1133 Ninth St., Michael Smith, 10, pin in throat, taken to Kaiser hospital by father.

Jan. 18, public assist, 707 Gateview, malfunctioning heating system.

Jan. 18, 831 Solano, Stephen Young, 3, difficulty breathing, taken to Herrick hospital.

Miller Dolls At Library

Dolls collected during the travels of Albany's Eleanor Miller are on display at the Albany Library for the month of January.

Dolls from Formosa, Spain, Holland, Yugoslavia, Japan, Canary Islands, Greece, Norway, Italy, Dominican Islands and Mexico are featured.

Of interest will be the doll from Portugal made of cork, one of Portugal's leading products. There are two Greek dolls, one of traditional style, and one deftly tied from a napkin and presented to Mrs. Miller by an Athens citizen traveling in the U.S. Children will enjoy the doll from Scotland neatly preserved in a small bottle.

Sonofone Marks Milestone in Better Hearing Here

Looking back is always fun. Stories and pictures of how we used to look and live—the funny hats and clothes, the old cars, the old movies on TV, even the houses we once thought so elegant—are amusing.

In hearing aids, too, a comparison between today's models and those of yesteryear is as interesting as the difference between an ancient lantern slide and a modern TV set, according to Luella Flynn, manager of Sonotone at

1705 Solano Ave., Berkeley.

Mrs. Flynn looked backward for a moment today, her memories jogged by the fact she is now observing her 20th anniversary with Sonotone Corporation. In recognition of this service to the hard of hearing, Mrs. Flynn has received a special commendation from Irving I. Schachtel, President of Sonotone Corporation of Elmsford, N.Y., leading manufacturer and distributor of hearing aids. Sonotone of Ber-

keley is part of the nationwide network of more than 350 Sonotone offices.

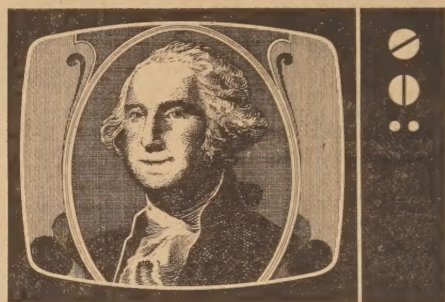

"Some persons can remember the days when those with hearing problems resorted to ear trumpets, hearing fans and speaking tubes," Mrs. Flynn says. "These devices helped a little but they were large and clumsy. Worse than that, they contributed to the misguided notion that deafness was funny."

"Even when electronic hearing

aids were perfected in the 1920s, they were so large they were real armful. In addition, large batteries had to be changed separately—women wore them strapped to their legs."

As she recalled those early hearing aids, the Sonotone manager cuddled in the palm of her hand one of the latest Sonotone achievements—a hearing worn entirely in the ear, weighing only a fraction of an ounce, even with the battery.

It takes less green to get color now.

If you check on color TV prices, you'll find a pretty bright picture. Color is priced lower than ever. Yet the quality is better than ever, and color tuning has become child's play. Add to that the fact that 100% of the network evening shows are now in color, and you'll know this is the year you've been waiting for. See your dealer for a deal.

Switch to the Bus!

The private car is the most expensive, least convenient means of commuting to San Francisco.

The car pool is becoming obsolete—too crowded, uncomfortable. For Albany commuters the frequent, fast, comfortable service offered by AC Transit, is by far the most sensible way to cross the bay.

Albany Fire Department receives National Award

The Albany Fire Department has been the recipient of a commendation from the National Fire Protection Association for its fire prevention activities in 1967.

The department has consistently received recognition from the national organization for its efforts in the field of fire prevention and suppression as indicated by reports and exhibits submitted in the municipal division of the contest. The success of the department in enlisting widespread support for fire prevention is made, according to the report, by the fact that the department has been successful in its efforts to educate the public and to encourage the use of modern techniques in fire prevention.

Note of Thanks

On behalf of the Cornell school PTA, we would like to express our sincere appreciation to all of the Albany University Village parents for making "An Evening Internationale" a delightful event.

This memorable evening would have never been possible without your overwhelming responses to help when first contacted by Mrs. Fossberg and Mrs. Prentice.

The food was out of this world—and what variety! And the elaborate decorations contributed much to the atmosphere.

Many thanks for a job well done.

Fire Department Will Assist Hopeful Firemen

The diversity of duties in the modern fire department makes it necessary that firemen have an understanding of a great number of things to efficiently carry out the duties of an effective fire fighting organization. The many emergencies confronting today's firemen may necessitate a knowledge of chemistry, hydraulics, first aid, or one of the many other studies under the name of fire suppression or fire prevention that must be applied immediately in a competent manner to save property and in many cases to save lives.

Fire fighting has become an interesting and challenging profession that is demanding the need for higher education to advance the services of the fire department. Today the fire service offers excellent working conditions that are supplemented by good wages and fringe benefits that makes any position in the fire department one to be desired.

With the educational standard in fire-fighting services gradually extending it presents greater competition to aspirants attempting to enter the fire service.

In an effort to assist anyone interested in making fire department work a career, the Albany Fire Department invites those persons to contact the officer on shift and make an appointment whereby they will receive assistance in understanding the entrance examinations and requirements for today's fire department.

This group meets every Tuesday from 8 to 10 p.m. at the Albany YMCA, 921 Kains Ave., Albany. Mrs. Wilma G. Hampton will be giving instructions in the dances of Yugoslavia, Romania, Bulgaria, Macedonia, Greece, Armenia, and Israel. It is not nec-

essary to have a dancing partner to join. The group of The Balkaneers, which is dancing at St. Stephen's Episcopal Church in Orinda on Friday nights, has reached the capacity of the hall. The same teaching program is presented at both groups. However, additional advanced dances are included in Albany because many of the members are experienced Balkan dancers. The Balkaneers is a self-sustaining group which was organized by Mrs. Hampton in 1962 to enjoy and preserve the dances of the Balkans. Members come from all over the Bay Area. Anyone wishing further information may call Mrs. Hampton at 444-5667.

SENIOR CITIZENS

846 Masonic Ave.

by Emma Claymore

The exercise class, which is held at the Center on Wednesdays at 1 p.m., is attracting a number of seniors who say they are deriving much benefit. The birthday celebration for members who have birthdays in December or January will be held Thursday, Jan. 25. Bridge will be played at the Center every Friday at 1 p.m. Non-members may play if they desire.

Community service workers are working every Friday preparing Christmas seals for sale by the Cystic Fibrosis Foundation. They are starting early due to the great demand for them in 1967 and they want to be sure that there will be enough for 1968. Martha Crawford, chairman, says they will be grateful for all the Christmas cards they can get for this and other worthy projects for which they are used. A number of visitors were present Jan. 18 and a great number expressed a desire to join. Among coincidences, here is one: Mr. and Mrs. Volney Morey, formerly of Old Saybrook, Conn., have been members for some time. When Mr. and Mrs. William MacRobbie came to the center as visitors and mentioned they were from Connecticut, Director Buclah Belling told them the other members were from Connecticut. It turned out that they were also from Old Saybrook, had attended the same Senior Center and the men had sung in the choir in the same church. Needless to say, there was a reunion right then and there. The MacRobbies intend to become members. Tea drinkers at the club are savoring their beverage more these days, thanks to a gift of two beautiful tea pots by Eleanor Kearn. A number of seniors have been on the sick list and at least two are confined to hospitals. Sarah Johnston, or Sally as she is known, is at Alta Bates hospital in Berkeley, and Ted J. Heng is in Providence hospital, room 409, in Oakland. Cards would be appreciated but no phone calls or visitors for Sally. A surprise is in store for all on Thursday, Feb. 15. More about this later. Yes, Albany Senior Center is really "jumping," and credit should go to our wonderful director, Buclah Belling, who works hard to keep it that way. For information, call 526-1601, or our sponsor, Albany Park and Recreation department, 525-5704.

Albarito Soccer Team Loses 5-2

Albarito Intermediate soccer team (ages 12-15) got off to a shaky start losing to the San Leandro team 5-2. A mixup in scheduling forced a change in opponents at the last minute, contributing to a confused first half on the part of the team. The wo Albarito goals were scored in the second half as the boys started to "jell." One each were booted in by Ricki Hourula and Han Huan. New boys can join the team at any time and are invited to join in the practice sessions, Mondays at 4:30 p.m. and Fridays at 4 p.m. at the Cerrito Vista field located at Moesser Lane and Pomona in El Cerrito. Boys, ages 8-12, can start with the Little Leaguers at Albany Memorial field, Saturday mornings at 10 a.m. (Further information may be obtained from coaches Lauri Rissanen, 524-4579, or James Wright, 527-0115.

Henry Austins Among Top Crusade Volunteers

Mr. and Mrs. Henry W. Austin of Berkeley are retirees with plenty of pep and vigor. Retirement after years of service with the Federal Government in Washington, D.C., did not mean "stop." It meant "go."

Mrs. Austin now has a part-time job as financial secretary of the Trinity Methodist Church in Berkeley; and in addition, finds time to carry on many civic activities. She is treasurer of Berkeley's Soroptimist club, and through this organization volunteered her services to the last United Crusade campaign as a canvasser for the Telegraph Avenue area.

Austin also carries his civic responsibilities. He is a committee chairman with the Albany YMCA, a member of the Albany Toastmasters club, and a member of the East Bay chapter of the Society of Real Estate Appraisers. And he found the time to take the job of Albany's community chairman in this year's United Crusade campaign.

"It is only by helping others that we find the fulfillment that keeps us young at heart," Mrs. Austin said. "Our work for the United Crusade drive, as an example, gives us much pleasure because it is one way of helping many people with one united effort. We are grateful to the contributors in Albany for helping us in a community service we believe in so strongly."
